HPL BOOSTS STUDENT E-RESOURCES, Wi-Fi ACCESS WITH GRANT FUNDING

Providence Forge, October 20, 2020 – Thanks to CARES funds granted by the Institute of Museum and Library Services in partnership with the Library of Virginia, Heritage Public Library will add three online instruction resources to their digital library and will add a new Wi-Fi location for free, high speed Internet access.

The library added TumbleBooks and TeenBookCloud to their “e-Library” and will soon add Brainfuse. TumbleBooks and TeenBookCloud provide e-books, e-audiobooks, educational videos and other literacy tools for pre-school through high school. Brainfuse is an online, live tutoring program with topics and tutors for grade school and up, and includes resources for adult learners. All three resources can be used from any location that has Internet access.

The community WiFi access location is at the Cornerstone Thrift Store, 8921 Pocahontas Trail, Providence Forge, VA 23140. Like our other locations, this new location will broadcast Wi-Fi all day, every day, and provide free and secure access. The WiFi became available as of today, October 20th. The WiFi access is HPL_Outpost and password is Cornerstone1.
